

## What is Hospice?

Hospice is a specialized form of care for people with terminal and life-threatening conditions. The goal of hospice care is to help terminally ill individuals continue with minimal disruptions and to support patients, families, and caregivers throughout life's final journey.

The focus of hospice is to provide comfort and symptom control after all curative options have been exhausted.

## About Us

Hospice of Murray County offers end of life services to patients in the counties of Southwest Minnesota including Murray, Cottonwood, Nobles, Lyon, Pipestone, Jackson, Lincoln, Rock, Redwood and the surrounding areas.

Settings include, but are not limited to private homes, nursing homes, assisted living facilities, and Our House Hospice Home.

Hospice of Murray County is proud to be a freestanding, community-based, non-profit organization.

*Hospice of Murray  
County is devoted

## Referral Process

The Hospice of Murray County team frequently meets with potential patients and loved ones to discuss hospice care and to answer any questions or concerns about the hospice program.

A referral may be received from potential patients, family members, medical personnel, or anyone else involved in the patient's care.

## Our House of Slayton

Our House Hospice Home is owned and operated by Hospice of Murray County. This home is a place for those who need additional assistance when care becomes more than family can provide in the home.

Certified Medication Aides provide assistance 24 hours a day under the consultation of a registered nurse.

Our House is a 4-bedroom facility in Slayton, MN. It is set up with the latest technology to keep our patients comfortable during their stay. We are also happy to accommodate multiple family members.

We ask that you make yourself at home during your stay at Our House. If we can further meet your needs, please feel free to speak with our friendly staff.
